

Passports

You must have a valid passport in order to go on an FCA Missions Trip. The passport must be valid for at least six months beyond the date of return. Please make sure that you sign your passport exactly as your name appears on the passport. We suggest that you give a photocopy of the front page of your passport to a family member/close friend for emergency purposes and that you have a copy in each piece of luggage that you take with you. Having a copy of your passport available will aid in

replacing your passport in the event that it is lost or stolen during your travels.

If you do not have a passport, apply today! Obtaining a passport may take ten weeks or longer. Waiting until you have all your trip funds will not allow you to receive your passport in time.

Passport application and renewal forms can be downloaded on the internet at www.travel.state.gov.
